

# Michael Hampton, CSP, ARM

## **Assistant Instructor in the Department of Family and Preventative Medicine The University of Utah**

Michael Hampton is assistant instructor in the Department of Family and Preventative Medicine at the University of Utah. A program director for the Texas-Utah Consortium, Mr. Hampton instructs and directs the program for hazardous waste worker and disaster response training. He is a certified safety professional and an associate in risk management with over 34 years of experience in developing, implementing, and directing safety, training, occupational health, and risk management systems. Mr. Hampton's extensive background in hazardous waste management and treatment, chemical weapons demilitarization, surface and underground mining, metals smelting and refining, and manufacture and distribution of construction materials has enabled him to equip workers across a broad spectrum of industrial environments with the skills needed to safely work with hazardous materials and respond to hazardous materials events.
