

Brett M. Haltiwanger, PhD, SM (NRCM), CBSPH

Biological Safety Manager of Safety, Health, Environment and Risk Management The University of Texas Health Science Center at Houston (UTHealth)

Dr. Brett Haltiwanger is biological safety manager of Safety, Health, Environment and Risk Management at UTHealth and an instructor for BIDTI. She holds a doctorate of philosophy in microbiology and molecular virology and is a certified biological safety professional and specialist microbiologist with the National Registry of Certified Microbiologists. Dr. Haltiwanger has 15 years of experience working in BSL-2 enhanced laboratories where she studied *Trypanosoma brucei* and prions. In addition, she has 7 years of experience as a biosafety professional. While serving in this capacity at Stanford University, she assisted in developing a training program to mitigate biohazards when working with infected animals. In her current position, Dr. Haltiwanger helped develop and produce a training video and online learning module demonstrating the proper donning and doffing of personal protective equipment.
